

First Responder™

WHAT IS YOUR PLAN IN THE EVENT OF AN EMERGENCY?

Very rarely is an idea entirely new.

Every so often something completely changes the way we look at a challenge, and thereafter we never see it the same again.

If children's lives are so precious... Why are caregiver's resources for protecting them so lacking?

The Complete Solution to Infant Evacuation

FINDING THE INFANTS

SOLUTION: First Responder™ International Glo Brite® Nursery Sign

The First Responder™ International Nursery Door Sign assists rescuers in identifying the location of the infant room in low-light or high-smoke conditions.

GETTING THEM TO SAFETY

SOLUTION: First Responder™ Evacuation Crib

First Responder™ Evacuation Crib features international "Evacuation Crib" Icons printed on high illumination Glo Brite™ photoluminescent material for rapid identification in low-light or high-smoke conditions. Evacuation crib icons are visible from 360 degrees, are printed in English, Spanish, and French and are also very visible in normal light conditions. Easy grip handles integrated into headboard and footboard assist caregivers in stable transport. Evacuation Crib comes complete with First Responder™ Evacuation Frame and First Responder™ Evacuation Protocol Wall Sign. Wall sign trains caregivers in the safe evacuation of infants. First Responder™ evacuation frame features Safe Support™ construction and is also available separately for attachment to other Foundations crib models. Patent Pending.

SOLUTION:First Responder™ Evacuation Route Sign

The First Responder™ Evacuation Route Sign enables child care centers to identify for rescuers and caregivers the safest route for evacuating infants.

TRAINING THE STAFF

SOLUTION:First Responder™ Hanging Evacuation Protocol Wall Sign

First Responder™ Evacuation Protocol instructs caregivers in the safe and proper evacuation of infants while using evacuation cribs. This sign is an invaluable quick reference and training tool for caregivers on how to safely evacuate children.
